

SIGN UP FOR HAMILTON COUNTY NIXLE ALERTS!

Nixle is a communications platform that allows information to be disseminated to large groups of people over various types of media. Messages can be received via text messages, emails, Facebook, as well as any new platforms. The types of messages sent through Nixle can range from community information, boil water orders, road closures, power outages, missing persons, event cancellations, emergency evacuations, community health, as well as others. Nixle can also be used to disseminate voice messages to land line phones (Emergencies only). Weather alerts (storm warnings, flash flood warnings, tornado warnings, ect.) are also sent via text message with this service. Weather alerts are area specific (zip code). To sign up for this **FREE** service follow the instructions below.

Text the number **888777** and in the message body send **MCLEANSBORO** to receive Nixle alerts for the City of McLeansboro.

Text the number **888777** and in the message body send **HAMCO** to receive Nixle alerts for the County of Hamilton.

Sign up with your phone number and email at www.nixle.com.

You will receive a confirmation message showing your enrollment. You will also be prompted to respond with your zip code. This is used for the weather messages only.

If you are a community partner (water district, utility company, township or road superintendant ect) and have information that needs to be shared via the Nixle service please contact us at hcema@hamiltonco.us and we will assist you.

Nixle was made possible by:

Hamilton Memorial Hospital, City of McLeansboro, McLeansboro Police Department, McLeansboro Fire Department, Hamilton County Health Department, Hamilton County Unit 10 Schools, Hamilton County Sheriff's Department, Hamilton County Emergency Management, Peoples National Bank, Banterra Bank, and Trade Industries
